

# Learn how to identify butterflies!

Want to know your Red Admiral from your Small Tortoiseshell? Join us on this free workshop to learn how to identify and record butterflies! This event will be suitable for all abilities, from complete beginners to those with a bit more experience. We'll spend the morning indoors learning about butterflies, then go outside in the afternoon to see how to record butterflies

It's hoped that attendees will go on to help with recording butterflies, either in their own areas or at the existing recording site nearby.

The events will take place at:

**Saturday 24th March at North Muirton Hall, Argyll Road, North Muirton, Perth, PH1 3BZ,**

**Tuesday 27th March at St David's High Kirk, 121 Kinghorne road, Dundee**

**Wednesday 28th March at Dighty, Dundee**

Events are 10am-3pm, with time for lunch. If you are only able to make it for the morning you'd still be welcome to attend.

**Booking is required.** Email Anthony on [amcluskey@butterfly-conservation.org](mailto:amcluskey@butterfly-conservation.org) or phone 07730221266 (leave a message if there is no answer).
