

# HELP US FIND Northern Brown Argus in Angus

**FREE Survey Training Day**  
**LUNDIE CRAGS, SIDLAWS**  
**Saturday 29<sup>th</sup> July 2017 (10.30am)**

We need to establish which previously-recorded sites are still occupied by the NBA and also map new sites. We will be searching for adults, eggs and possibly larvae. The event will be led by Glyn Edwards and Cathy Caudwell of the East of Scotland Branch, Butterfly Conservation.

There will be a walk of approximately 2.5 to 3 km both to and from the site, There is a rough track at first but the site itself is on a steeply sloping vegetated hillside. It is essential to bring good outdoor gear including waterproofs and a packed lunch. Please contact [perthshire.butterflies@fireflyuk.net](mailto:perthshire.butterflies@fireflyuk.net) (or tel. 01828 686709) to book and for further details of meeting place.
